Nitin Dogra

Full Stack Developer | Next.js · React.js · Node.js · PostgreSQL | Delhi, India
+91-9958136808 | dogranitin579@gmail.com | linkedin.com/in/nitin-dogra-025497255 | github.com/nitindogra7

PROFESSIONAL SUMMARY

Full Stack Developer with internship experience building production web apps using **Next.js, React.js, Node.js, Express.js, and PostgreSQL (Supabase)**. Skilled in **RESTful APIs, JWT authentication, third-party API integration (Razorpay, OAuth), and performance optimization**. B.Tech Computer Science student seeking Software Engineer / Full Stack Developer roles.

WORK EXPERIENCE

Sponso Pvt Ltd **June 2026 – Present**
Full Stack Developer Intern *Remote*

- Develop and deploy production-ready full-stack features using **Next.js, React.js, Express.js, and Supabase (PostgreSQL)** in an Agile team environment.
- Design and implement **RESTful APIs** with **JWT-based authentication and authorization**, powering core backend services consumed by frontend applications.
- Integrate Next.js/React.js frontends with backend APIs and databases; debug issues, participate in code reviews, and optimize performance and maintainability.
- Collaborate with developers using **Git/GitHub** workflows (branching, pull requests) to deliver features and resolve technical issues.

Navitas EduServices Pvt Ltd **March 2026 – May 2026**
Full Stack Engineer Intern *New Delhi, India*

- Delivered full-stack web development tasks for the Global E-Marketing team, building **frontend UI and backend API** features end to end.
- Developed and maintained features across frontend, backend, and **API-driven workflows**; resolved technical issues and completed sprint deliverables in an **Agile** environment using **Git** version control.

PROJECTS

GetMeChai | Creator Monetization Platform get-me-chai-seven.vercel.app | github.com/nitindogra7/getMeChai
Next.js 15, React.js, MongoDB, PostgreSQL, Prisma, NextAuth.js, Cloudinary, Razorpay

- Architected a full-stack creator monetization platform using **Next.js 15 App Router** with **10+ REST API routes**, enabling creators to grow audiences and receive direct fan payments.
- Built social features (posts, likes, comments, nested replies, Trending / Following / Recent filters) and real-time notifications with a **Cloudinary** media pipeline.
- Engineered secure **Razorpay** payment integration with webhook verification and a **Prisma**-based PostgreSQL data layer; implemented **Google OAuth** authentication via NextAuth.js.
- Optimized React/Next.js rendering, reducing page load time by **35%**.

LogoCraft | AI-Powered Logo Generation SaaS logocraft.nitindogra.space | github.com/nitindogra7/logoCraft
React.js, Node.js, Express.js, Hugging Face API, Razorpay, JWT

- Built an AI SaaS platform that generates custom logos on demand using a **Hugging Face** image-generation model, with a modular controller/service architecture.
- Implemented **JWT-authenticated** workflows and a credit-based billing system with **3 Razorpay plans**, automated wallet top-ups, and real-time credit tracking.
- Developed **5+ REST API endpoints** connecting frontend workflows to backend services and external AI APIs.
- Optimized API performance: improved response times by **30%** and reduced dashboard load time from **420ms to 140ms**.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, SQL, HTML5, CSS3
Frontend: React.js, Next.js (App Router), Tailwind CSS, Responsive Web Design
Backend: Node.js, Express.js, REST APIs, JWT Authentication, OAuth, NextAuth.js
Databases: PostgreSQL, Supabase, MongoDB, Prisma ORM, Mongoose
Tools & Platforms: Git, GitHub, Postman, Vercel, Render, Cloudinary, Hugging Face API, Razorpay
Concepts: Full Stack Development, Data Structures & Algorithms, OOP, Database Design, Authentication & Authorization, API Integration, Webhooks, Agile, Performance Optimization

EDUCATION

Maharishi University of Information Technology **2023 – 2027 (Expected)**
Bachelor of Technology (B.Tech) in Computer Science *Noida, India*
Relevant Coursework: Data Structures & Algorithms, Full Stack Web Development, Object-Oriented Programming
